An equation in

Blankets!

It's an equation between Blankets and price that has no unknown quantities in it. The quality of the blankets are known and commended by dozens of women. The range of prices is elastic enough to meet all requirements. The equation simply expresses the fact that for a given price there's a most generous equivalent.

We have a fair blanket for \$90. It's the best possible for the price.

One for \$80. A further advance in quality for \$125. Then comes the \$2 grade and so on up to \$150. Our \$150 blanket is a good one, though it is not quite as good as our \$200. Blanket.

A five dollar bill looks very insignificant when placed by the side of it. And rightly, for our \$5 blanket is a 6-pound, genuine cotton \$7½ blanket. It belongs to the "just in" class of Fall things and have made it a great leader. You can't find a blanket that compares to it at the

price.

Outing Flannel Gowns!

Nights are getting chilly. Have you thought of the Outing Flannel Gown? It's a great cold preventer. Gives the snuggest sort of comfort. New styles and patterns. Braid or lace trimmings. 75c, \$1.

ALL of a sudden there is a fearful struggle to get into the Bradley Band Wagon, and some of the "strugglers" are the very fellows who have of late years been cursing BRADLEY by note—behind his back.

THE schoolteachers of Kentucky are among the first to feel the effects of Democratic financing at Frankfort. They don't get their pay promptly. This cannot be said of Governor BREWERY's Administration.

BEGINNING November 1st the wages of all employees in the L. and N. Shops at New Decatur, Ala., were voluntarily advanced 10%. Another "heartless corporation" outrage! Carry the news to Debby and to Gomperski.

A SPECIAL from Paris says workmen excavating the sewer ditch on Main street uncovered a fine vein of pure white zinc ore in front of JOHN T. HINTON's store. Nonsense! It was simply some of BILL REMINGTON's Free Silver that had melted and trickled through the mud.

In some quarters personal vituperation passes for argument; but thoughtful people prefer a calm, dignified tone in state papers such as Mr. BECKHAM's response to Governor DURBIN was supposed to be.

"HEADS AND TAILS!"

Louisville Courier.
Democratic Court of Justice Paynter has decided that the Democratic election officers of Lexington cannot be mandamus into counting the duly elected Republican Magistrate in; and down at Russellville, Democratic Judge Crewson decides that he can, and proceeds with his act to add to the number of Republicans electing officers to make them count in a Democratic Jailer who wasn't elected. "All element of chance has been eliminated" from Kentucky elections, and in the toss-up for the offices the rule is, "Democrats to win; Republicans, you lose."

CALL MR. BRAVY!

Cincinnati Commercial Tribune.

The prosecution in the cases arising out of the murder of Senator Goebel has been insistent that his sole object was to discover the assassins and bring them to justice. While his efforts have been crowned with success the fact that the Court of Appeals of the state has reversed the judgments of the trial Courts as fast as they have been appealed answers with force. But a man has spoken who certainly knows what he is talking about. On last eve of the Connor William Jennings Bryan draws a parallel between the manner in which the deaths of President McKinley and Senator Goebel were brought about and says:

"The Goebel assassination was purely political. It was the work of publicans, and two Republican Governors refused to surrender him for trial."

The witness for whom the prosecution has been bringing as best found, William Jennings Bryan, a well-known nominee of the Democratic party for the exalted office of President, several times a member of Congress from Nebraska and now Editor of a widely circulated newspaper, distinctly states that the Connor William Jennings Bryan was a political act and participated in by Republicans. Mr. Bryan must know the fact to be as he states, or he would not have stated it. If he does not know that Republicans participated in the murder he knows nothing of the case, except that he has drawn a definite standard. Let Mr. Bryan stand as a witness as a witness on the approaching trial of James Howard, sentenced to death by Judge Cantrell, the verdict of the Jury, and granted a new trial by the unanimous concurrence of the Justices of the Court of Appeals.

Let him stand as a witness on the trial of James Howard, sentenced to death by Judge Cantrell, the verdict of the Jury, and granted a new trial by the unanimous concurrence of the Justices of the Court of Appeals.

It only remains to fill up the connecting links, which is a matter of a little over five minutes and an estimated expense of \$15,000.

So, Mr. Traveler, get ready for a railroad trip to Buenos Ayres. When you buy your through ticket you will start on a direct journey so extensive that 50 separate and distinct train crews will have helped you on your jaunt. Half a hundred locomotives, 1,000 cars, 1,000 miles, 100,000 passengers, 100,000 Americans who took part in the murder or, at the very least, the names of the persons who communicated to him the facts of the participation, and the names of the participants.

It is evident that he knows the names of the parties, or it would not be necessary to say that the murderers were Republicans.

There is an opportunity offered the prosecution to ascertain the facts. Let Mr. Bryan be called and compelled to disclose his knowledge or carry the deserved name of willful villain for posterity's sake.

One thing is to be said—if the Republicans had Senator Goebel, not one of the Republicans who were tried, found guilty and appealed to the Court of Appeals failed to secure a reversal of their cases, or the ground that they had been convicted against the laws and the justice of the Commonwealth of Kentucky.

The world's National indebtedness is estimated at \$1,201,769,274—ten times as great as the world's National debts amounted to at the close of the Napoleonic wars.

BRAND-FOOD NONSENSE.

Another ridiculous food fad has been brandished by the most incompetent authorities. They have decided that the human body needs for bread, another for muscles, and still another for bones. A corset will not only not help you to slimness, but will actually put you in a fat condition, and will even cause other parts, yet, however good you may feel by it, the nutrition is destroyed by indigestion or dyspepsia. You must prepare for their coming with a stout heart, for they will regularly doses of Green's Angel Powder, the favorite medicine of the healthy millions. A few doses of this powder will give you a strong, healthy action, purifies the blood, and makes you feel buoyant and vigorous. You can get Dr. G. Green's Angel Powder at 25c a box, \$1.50, \$2.50, \$3.50, \$4.50, \$5.50, \$6.50, \$7.50, \$8.50, \$9.50, \$10.50, \$11.50, \$12.50, \$13.50, \$14.50, \$15.50, \$16.50, \$17.50, \$18.50, \$19.50, RIVER NEWS.

The pools in the Monongahela are well filled again and navigation for all craft on that stream is open.

A new steamer will be built for the Pittsburgh and Morgantown Packet Company at \$50,000.

Captain John E. Klein has purchased the towboat Yellow Poplar at Ashland for \$13,500. The steamer will be entered in the local towing trade.

The boilers on the Williams will be placed on the Roar when she comes off the Elizabeth Marine Ways, while the Williams will receive new ones.

There is plenty of snow on the mountains, rivers, and streams think that the present cold spell will soon break, and let it all out. That would mean a good coalboat river trade.

The towboat Alice Brown, now on the Queen City Marine Ways, will be laid up for a short duration. Only two small shipments of coal were made and none of the larger packet companies started steamers.

The head of the fall about this time of the year, and it is most likely that before the coming water passes more will be reported from the headwaters of the Ohio river and its numerous tributaries.

The Avalon is scheduled to leave Parkersburg tomorrow for Chattanooga, on the Tennessee river. The boat will take freight at various Ohio points. At Ironton she has been promised nearly 1,000 logs. Captain W. C. Hall and his crew undoubtably fare well. Since she has been at Parkersburg, the boat has been lengthened 30 feet, and various improvements made.

The rise in the Ohio river will cause difficulty for the business and several boats which have been to the banks for the past month will come out. The White Collar Line will send a Pomeroy boat out tomorrow night. The river has permitted the steamer Helen M. Gould to leave P. I. Pleasant, and the steamer Captain M. O. Schriver and E. W. Howe, and she will be placed in the Ohio-Cincinnati trade in place of the Cande.

I have associated myself with M. C. Russell Co., the Wholesale Grocers, and will be much pleased to have my friends call on me, feeling that I can make it to their interest.

GET DOWN TO FACTS.

Read What Maysville Citizens Say.

Get down to the facts of the matter. Don't take a stranger's word. It is easier to prove the truthfulness of statements made by citizens of Maysville than indorsement coming from some far away place. Read the following—

Mrs. O. D. Burgoyne of Hall street says:

"The use of Doan's Kidney Pills proved of remarkable value to me. For a long time I suffered from kidney trouble. Not only were there severe pains, but there were evidences of a disturbed condition of the kidneys. Doan's Kidney Pills came to our knowledge and Mr. Burgoyne went to Jas. Wood & Son's Drugstore, corner of West Second and Market streets, and got a box. The treatment was so effective that it has given me much pleasure to tell others of this remedy to a number of my friends."

For sale by all dealers; price 50 cents a box.

How's This?

We desire to say that our business

since January 1st has passed the mark

anticipated. We wish to frank

that we are continuing to do a

good deal of advertising appear to

as though the advertisers were indig-

nous. We are not. Many of them seem

to say something that means nothing.

Names are invented for a good many things, and names

are given to things that are not even

ever to the materials; turned and

twisted until they are no longer rea-

sonable, and then they are called

products. The product hasn't enough

of it to make fine

goods. We are strong believers in ad-

vertising because it is a good thing.

It is a good thing to make

things known to the public.

It is a good thing to sell

things at a reasonable price.

It is a good thing to be consistent with

legitimate business methods.
